## **Lyvennet Community Trust Housing Update September 2009**

We are now a registered company, the “Lyvennet Community Trust”, and our charity registration is in hand.

Our plans for affordable housing on the Marshalls site are progressing well with considerable assistance from Eden District Council who are extremely supportive of our community led approach.

Assuming everything goes to plan we would like to build 8 houses of varying sizes which will be for either rent or for sale on a shared ownership basis. In addition 6 to 8 plots will be sold off for self-builders. All the plots will be covered by local occupancy clauses.

We are continuing to explore funding routes and at present await a decision from the Big Lottery. David Graham, Chair
